NOTIFICATION OF TYPOGRAPHICAL ERROR  
IN THE SPELLING OF INVENTOR'S NAME

Commissioner for Patents  
Washington, D.C. 20231

Sir:

Following the filing of the above-identified application, the office of the undersigned discovered a misspelling in the first name of the sole inventor in the application and an incorrect use of capitalization in his surname. The correct spelling of the inventor's first name is "Gerrit". The "v" in

"van" should be a lower case "v". His full name is Gerrit J. van den Engh.

It is requested that the necessary correction of the records of the PTO be made to correct the misspelling and improper capitalization.

Respectfully submitted,

GERRIT J. VAN DEN ENGH
